# Risk Assessments

Risk Assessments will be carried out on all new activities at School in line with the requirements of The Management of Health & Safety at Work Regulations 1999.

Each Assessment will establish the following:

- 1) Risk assessments will take into account:
  - i) Hazard - The potential hazards associated with a particular activity
  - ii) Risk - an evaluation of the likelihood of the hazard causing harm
  - iii) Risk Rating - assessment of the severity of the outcome of an event
  - iv) Control Measures - physical measures and procedures put in place to mitigate the risk
  - v) Any Further Action to be taken to adequately control the hazard.
  
- 2) The risk assessment process will consist of the following 6 steps:
  - i) what could go wrong
  - ii) who might be harmed
  - iii) how likely is it to go wrong
  - iv) how serious would it be if it did
  - v) what are you going to do to stop it
  - vi) how are you going to check that your plans are working
  
- 3) These Assessments will be completed by the Health & Safety Co-Ordinator or School Staff as appropriate (for example, when activities or equipment are reorganised or modified) and are reviewed by the Health & Safety Co-Ordinator, Headteacher, Bursar; and Site Manager as appropriate. Each signed Risk Assessment is stored in a file in the School Office and is available for review by staff members, managers and Governors. The Health & Safety Co-Ordinator & Bursar will be responsible for the maintenance of risk assessment records. Where the policy is reviewed schools should identify how the review is recorded and considered e.g. by a H&S committee or similar.
  
- 4) Risk assessments will be reviewed:
  - i) when there are changes to the activity
  - ii) after a near miss or accident
  - iii) when there are changes to the type of people involved in the activity
  - iv) when there are changes in good practice
  - v) when there are legislative changes
  - vi) annually if for no other reason
  
- 5) The types of activities requiring Risk Assessments:
  - i) Certain School Activities will always be risk assessed even if they have been previously undertaken:
    - School Trips
    - Friends of Windlesham events

- ii) Educational activities which should be assessed when they change or are new:
- science experiments
  - design & technology
