

Year 2 Learning Grid – Spring 1

Humanities: Castles Science: Animals including humans

Talk, think, read, write	Design and create	Let's perform
<p>Research a famous castle in the UK. Display your findings in any way you choose. You could use pictures, ICT or writing. Remember to stick your work in your Homework Book.</p>	<p>Design and make your own castle using a material of your choice. Please bring your castle into school and stick a photo of it in your Homework Book.</p>	<p>Read a story about a dragon and/or a castle with someone at home. Bring the story into school to read and share with the class.</p>
<p>Research how many bones and muscles there are in the human body. Can you name any of them? Can you find any other interesting facts? Think about how you might display your work. We look forward to hearing your fun facts in school.</p>	<p>Design a coat of arms for your family. Include things you like or things that represent your personality in the design.</p>	<p>We will be looking at what makes a healthy meal. Design a healthy meal. If you want, you can cook your own healthy dish and present it to someone at home as if you were a famous chef! Remember to talk about why each item is healthy.</p>
<p>Design a flag to fly on your castle. Which colours will you use and what do they represent? Are there any symbols on it?</p>	<p>Weapons were used to defend castles. Research and design a weapon of your own that could be used to defend a castle. Remember to label your design so we can see how to use the different parts.</p>	<p>How do you stay fit and healthy? Think about ways in which you stay fit in a week. You could photograph yourself doing exercises, take a video or keep a diary – it is up to you!</p>
